

# GRADE 5N UPDATE

FEBRUARY 2021

What's been happening so far...

## OUR ESSENTIAL AGREEMENT

Grade 5 has set the tone for the year by creating and agreeing to this *Essential Agreement*.

Rather than listing classroom rules our essential agreement is a collaborative exercise that allows all students to create an environment that they feel will help them learn and achieve their best.

Grade 5N came together regularly at the beginning of the year to build our classroom community and have fun. Students have taken part in this by participating in team-building challenges, games and 'get to know you' activities.
